Business Risks and Countermeasures in the Aerospace Industry – Aerospace Supply Chain Insurance
As international competition in the entire supply chain of the aerospace industry intensifies, suppliers are required to (1) shift to a cluster production method and (2) direct transactions with foreign aircraft-related companies. We will sort out the main possible risks in the aerospace parts manufacturing business and introduce countermeasures.
Yuichi Hiramami, General Manager, General Affairs Dept., C-ASTEC
and
Tatsuya Nishizaki, Nagoya Production Dept.1 Assistant Manager, Tokio Marine & Nichido Fire Insurance Co., Ltd.
