## Aeromart Nagoya Conference {Draft} 26 September 2023

---

- 10:00 – 10:10      **Chair's Opening and Conference Commencement**  
*Sosuke Nagayama, Partner, Deloitte*
- 10:10 – 10:30      **Japan and Malaysia: Navigating the Future of the Aircraft Supply Chain (En)**  
*Junichi Iwasaki, Director, Aircraft Component and Material Industries Office,  
Ministry of Economy Trade and Industry, Japan*  
*and*  
*Prof. Ts. Shamsul Kamar, Chief Executive Officer, National Aerospace Industry  
Corporation Malaysia*
- 10:30 – 10:50      **Boeing Business in Japan (En)**  
*Jon Lilja, Sr. Manager, Supply Chain Asia Business Development, Boeing*
- 10:50 – 11:10      **Development Status of Composite Structural Technology for Commercial  
Airplane with an Eye Toward Net Zero (Jp)**  
*Hiroyuki Tanaka, Senior Chief Engineer, Mitsubishi Heavy Industries*
- 11:10 – 11:30      **Morning Break**
- 11:30 – 11:50      **Innovation Driving the Net Zero Energy Transition (En)**  
*Adam Hollis, Senior Supply Chain Manager, Rolls-Royce Japan*
- 11:50 – 12:40      **Panel Discussion: Current and Potential Opportunities for Material  
Innovation in Space and Aerospace (En)**  
*- Changing Design Criteria for Materials in Electric Aviation*  
*- Connecting materials science developments with industrial capabilities*  
*- How is Material Innovation Improving Engineering Design, Performance and  
Methodology?*  
*- Additive manufacturing for aerospace: developments and opportunities*  
Moderator:  
*Kayne Ikeda, Senior Channel Manager - Japan & South Korea, Ultimaker*  
Panelists:  
*Hitoshi Sakai, CTO, NTT DATA XAM Technologies Corporation*  
*Kenneth Keegan, Executive Vice President, Jonal Laboratories*  
*Tomohiro Oyama, General Manager – AM Innovation Center, Taiyo Nippon*

*Sanso Corporation*

*Max Di Domenico, Product Manager, GE Additive*

*Christopher Schmitz, Team Leader Additive Minds, EOS*

12:40 – 14:00

**Lunch Break**

14:00 – 14:50

**Co-organized with AICHI-NAGOYA AEROSPACE CONSORTIUM (ANAC)**

**Panel Discussion: How is Japan Fostering a New Space Value Chain? (Jp)**

- *Public and private opportunities in the space economy*
- *Leveraging the New Space industry developments*
- *Combining home-grown advantages with international collaboration to advance Japan's space supply chain*
- *Diversification into space: challenges and opportunities*
- *Attracting, recruiting and training the industrial workforce needed to build and sustain space manufacturing capabilities?*

Panel Moderator:

*Munetaka Ueno, Research Director, JAXA*

Panelists:

*Hidehito Shiratsu, General Manager, Yokogawa Electric Corporation*

*Toshihiro Obata, Board Director & General Manager, Synspective Inc*

*Hiroshi Koyama, Defense & Space Systems Group Fellow, Mitsubishi Electric Corporation*

*Misuzu Onuki, Aerospace Business Consultant*

14:50 – 15:40

**Panel Discussion: The Future of Passenger Air Travel (Jp)**

- *Human-centric aviation: the key to future industry success?*
- *Building the next-generation ecosystem for urban air mobility*
- *Redefining economic and service models for electric aviation*
- *How can the aerospace supply chain adapt to future aircraft requirements?*
- *Developing lightweight, adaptable, and green design concepts*

Panel Moderator:

*Kenichi Yamamoto, Director for Policy Planning and Coordination, Advanced Air Mobility Office, Manufacturing Industries Bureau*

Panelists:

*Asa Quesenberry, Founder, SkyScape*

*Kenji Nakagawa, Air Mobility Business Development Department /General Manager, Skydrive Inc.*

*Takahiro Morimoto, CEO, SkyLink Technologies*

15:40 – 15:55

**Afternoon Break**
