- 3 - **Exhibition** - showcase your products
- 4 - **Workshop** – technical presentations
- 5 - **Networking cocktail** - network with the industry leaders

THE HEART OF JAPANESE AEROSPACE THE CHUBU REGION: AIMING TO BECOME “ASIA’S NO.1 AEROSPACE INDUSTRIAL CLUSTER”

The Chubu region, found in central Japan, is the capital of the Japanese Aerospace industry with 50% of the national production of aircraft and aircraft parts deriving from this region.

Alongside the aerospace manufacturing industry, a large number of related industries are also rooted within the region, these include automotive, materials, machinery, and robotics. This unique regional ecosystem helps to build a strong supply chain and drive manufacturing innovation forward
