PRELIMINARY LIST OF PARTICIPANTS

A.L.A. SPA

ALA (Euronext Growth Milan: ALA) is a global diversified supply chain integrator to the Aerospace, Defense, Power Generation, Rail & High-Tech Industries.

Italy

ADEPT FASTENERS INC.

Distributor of Aerospace Fasteners, Bearing and Electronic Hardware.

USA

AERO INC.

We specialize in structural assembly, painting, and jig design in the aerospace industry. Recently, we developed the "AviaTrail" caravan, applying our expertise to challenge new markets.

Japan

AEROMETALS & ALLOYS - GROUPE ACNIS

Specialist of metal cutting, from billet, bar, plate or sheet, in Titanium, Aluminum, Nickel, steel or other materials.

France

AICHI-NAGOYA AEROSPACE CONSORTIUM (ANAC)

Largest aerospace cluster in Japan.

Japan

AIRBUS HELICOPTERS JAPAN CO., LTD

Helicopters manufacturer

Japan

AIRBUS JAPAN K.K.

Airbus leads in sustainable aerospace innovation, providing efficient solutions for aerospace, defense, and services, including modern, fuel-efficient commercial airliners.

Japan

AIRPORT REGION BERLIN BRANDENBURG

Economic Development Agency for Berlin and Brandenburg. Companies, investors and science institutes interested in expanding their business activities to Berlin and establish new offices in the Airport Region Berlin Brandenburg

Germany

ALL NIPPON HELICOPTER CO., LTD

All Nippon Helicopter is dedicated to flying for the news and programmes of public broadcaster NHK.

Japan

AMETEK, INC.

Canadian-based manufacturer of 3D measurement solutions. 3D scanners and software for automated quality control of 3D shapes on portable and industrial robots.

Japan

AOMI PRECISION CO., LTD.

We make full use of various high-precision equipment such as lathes, machining, grinding, electric discharge, and lasers, and work on high-precision manufacturing every day.

Japan

APC AEROSPECIALTY INC.

Sub-assembly of aircraft. Painting of aircraft. Special packaging for aircraft parts. Aircraft ground support equipment. Machining of aircraft engine parts.

Japan

ARKEDGE SPACE

fast-growing Japanese start-up company specialized in the design, manufacturing, and rapid delivery of low-cost nanosatellites for both low earth orbit and deep space exploration missions

Japan

ASCENDANCE FLIGHT TECHNOLOGIES

Vertical take-off and landing

France

ATLA SRL

ATLA is a sheet metal processing center that uses high-tech systems

Italy

AEROMART
NAGOYA

Co-located with:

PRELIMINARY LIST OF PARTICIPANTS

ATSUTA KIGYO CO., LTD.

Prototype and newly developed product manufacturing.
Aerospace equipment parts manufacturing. Jig and jig tool
manufacturing.

Japan

BINDER TECHNOLOGIE GMBH

Production of metal components / assemblies for aerospace,
especially by means of forming, machining and welding

Germany

BIRCIS TECHNOLOGIES & CONSULTING

Through an operating system called the Omni-Channel
Experience Management (OXM) platform, we offer an
integrated portfolio of enterprise-grade omni-channel products.

Canada

BOEING JAPAN

For more than 65 years, Boeing has been the top provider of
commercial jetliners to Japanese airlines and a major supplier of
defense equipment, aircraft and services to Japan's Ministry of
Defense

Japan

CENTRAL JAPAN AEROSPACE INDUSTRIAL CENTER (C-ASTEC)

Research, Information, Advising for Aerospace Industries.

Japan

CHUO ENGINEERING CO., LTD

Design and Engineering Services for Aerospace (Structural
Design, Various Analysis, AI, Additive Engineering Solutions,
Testing Support, Designer Dispatch)

Japan

CKB CORPORATION.

We partner with European and U.S. manufacturers, providing
aircraft production equipment. With our technical team, we
support seamless overseas equipment integration and deliver
cutting-edge technology to Japan.

Japan

COMPOSITE HIGHWAY CONSORTIUM

provides composite solutions for OEM's actively interested in
replacing traditional materials

Japan

DAIHATSU DIESEL MFG CO., LTD

Marine engine,Auxiliary ,Propulsion diesel engine,Land diesel
engine,Gas turbine/ Gas engine ,Co - Generation
system,Aluminum wheels,Oil mist detector Doughnut RD
coupling

Japan

DAIKI SANGYO CO., LTD.

Our company assembles and maintains aircraft and space
equipment airframe structures, production equipment, and
rocket launch site equipment. We can handle production
engineering, design, assembly, and on-site installation.

Japan

DAINICHI MANUFACTURING CO., LTD.

Precision equipment parts / machining and assembly to
completion ISO 9001 certification <Head office & 3rd plant> JIS
Q 9100 certification <Head office & 3rd plant> (machining of
aircraft parts)

Japan

DAIWA SEIKO CO., LTD.

Machining precision parts and assembling functional units for
automobile engines and transmissions.

Japan

DAYTON-GRANGER, INC

Leader in the design, testing, and manufacture of antennas,
electrostatics and lightning protection products ranks among
the most experienced suppliers of avionics products worldwide

USA

PRELIMINARY LIST OF PARTICIPANTS

DENSO CORPORATION

DENSO is a global manufacturer of automotive components offering advanced automotive technologies, systems and products. We will fulfill our corporate social responsibility by providing the world's first products and technologies.

Japan

DOKEN CO., LTD.

"In the fields of next-generation Automobiles, high-speed Trains, Aircrafts, Ships, are being promoted plastic windows, which are lighter than glass windows.

Japan

EQUATORIAL SPACE SYSTEMS

Singapore-based company that develops hybrid-engine rockets and space launch services.

Singapore

FINETECH CO., LTD.

The company provides a variety of heating processes, mainly vacuum heat treatment, to mould makers and component manufacturers.

Japan

FUJI DESIGN CO., LTD.

Fuji Desing Co., Ltd developed pyrolysis method to get recycle carbon fiber with additional advantage on the surface properties of direct electrical metal plating on continuous fiber.

Japan

FUJI DREAM AIRLINES CO., LTD

Fujidream Airlines (FDA) is a regional airline based at Nagoya Airport (NKM), connecting various local areas within Japan. Its Maintenance Division ensures the safety and reliability of aircraft by managing parts, tooling, and facilities.

Japan

FUJI INDUSTRIES CO., LTD.

We (FIC) import overall materials such as aircraft parts necessary for manufacturing, repair and periodical exchange of aircraft & engine, aircraft material including metallic material, compound material and chemical products, and airborne devices.

Japan

GIFU PLASTIC INDUSTRY CO., LTD.

Manufactures and sells plastic industrial materials, industrial parts, and medical parts, as well as daily commodities and water pipe fittings.

Japan

GIFU PREFECTURE (GIFU AEROSPACE MANUFACTURING AND PROCESSING PROFESSIONALS)

Economic and Industrial Promotion

Japan

HANSHIN METALICS CORP.

Distributing Aerospace Alloy including 15-5PH, Alloy 718 and etc. Offering value-added services including stocking, cutting, machining, heat treatment, and other additional services, aiming to serve as one stop solution.

Japan

HANSHINKIKI, CO., LTD.

A company that provides products and services with high quality, low prices, and short delivery times based on three businesses: electrical equipment, sheet metal and painting, and machined parts.

Japan

HONDA R&D CO., LTD

Honda R&D Co., Ltd. has developed Electric/Hybrid Propulsion System including Gas Turbine Hybrid system(We are in the ground testing phase). We are seeking potential suppliers for flight test and type certification test models.

Japan

PRELIMINARY LIST OF PARTICIPANTS

IAC CORPORATION

Aero structure parts and Assembly fixture for Aerospace Design, development and production of Aircraft-related ground support equipment

Japan

ISE INDUSTRY CO., LTD.

We specialize in bending aluminum and stainless steel pipes. Welding and jig and tool production are also available.

Japan

IWATA MFG CO., LTD.

Iwata Manufacturing Co., Ltd. is a manufacturer that plans, develops, produces and sells machine parts, FA parts, painting jigs and safety measures products to ensure safety at work sites.

Japan

JAPAN AIRLINES CO., LTD

Air transportation

Japan

JAPAN QUALITY ASSURANCE ORGANIZATION

Testing and Certification of Electrical Equipment, Components, and Medical Devices

Japan

JAPAN TRANSOCEAN AIR CO., LTD.

Airline based in Okinawa.

Japan

JAXA - JAPAN AEROSPACE EXPLORATION AGENCY

The independent administrative institution is the Japan Aerospace Exploration Agency (JAXA.)

Japan

KAGA SANGYO CO., LTD.

We have established our own supply chain and developed a wide range integrated production system that enables us to accept bulk orders in the industry, and we have accumulated numerous achievements and know-how.

Japan

KANEMATSU CO

Importateur Distributeur

Japan

KANEWA SEIKI CO., LTD.

We specialize in long workpieces that exceed 1,000 mm in length. Long workpieces are prone to distortion, making it difficult to achieve high accuracy, but our unique machining methods enable high-precision cutting with minimal distortion.

Japan

KARUMO CHUKO CO., LTD.

operates in the Consumer Goods industry

Japan

KAWASAKI HEAVY INDUSTRIES, LTD (GIFU)

Manufactures a vast array of products that demonstrate technological mastery of the land, sea, air and outer space. Its aerospace business offers various products ranging from aircraft to satellites.

Japan

KINOSHITA PRECISION INDUSTRIAL CO., LTD.

We have been manufacturing precision parts for industrial sewing machines which need high accuracy and precision. We can handle all processing such as machining, heat-treatment, grinding, polishing, assembling

Japan

KISHIRO CO., LTD.

MACHINING OF METAL COMPONENTS FOR AVIATION, SPACE AND DEFENCE INDUSTRY. MACHINING AND ITS RELATED WORK OF ENGINE, MARINE AND INDUSTRIAL STEEL COMPONENTS.

Japan

KITO SEIKI SEISAKUSHO CO., LTD.

Toyota City-based Kito Seiki Mfg. offers high-precision metal machining for diverse sectors like automotive prototypes, machine tools, aerospace, and defense.

KOBE STEEL, LTD

PV Manufacturing Equipment, Materials & Components
(SEMICON West)

Japan

KOUWA TEC CO., LTD.

Precision machining for aerospace, medical, and semiconductor
parts, specializing in difficult materials and next-gen
components.

Japan

KRONUS SIA

Kronus is the leading manufacturer of wooden pallet collars in
the world.

Latvia

KURIMOTO CO., LTD.

Kurimoto specializes in small-lot, high-precision manufacturing,
expanding into aerospace with JISQ9100 certification and
advanced production capabilities.

Japan

KUZUHARA GOMU CO., LTD.

provides support for rubber molding and processing from the
materials selection and product design

Japan

MAEDA PRECISION MFG LTD.

Manufacturing of precision compact machine
parts, Manufacturing of precision compact gear

Japan

MARUBENI INFORMATION SYSTEMS CO. LTD.

Sales and Services of 3D Measuring Solutions

Japan

MEIHO ELECTRONICS CO., LTD.

We are a specialized trading company dealing mainly with
special connectors such as MS connectors,
underwater/waterproof connectors, etc. We are the Japanese
distributor for AERO ELECTRIC, IEH CORPORATION, Bernier, etc.

Japan

MEIHOKU KOGYO CO., LTD

Our main business is secondary processing (Heat treatment,
Pickling, Wire drawing) of materials for automotive fasteners.

Japan

MIE PREFECTURAL GOVERNMENT

Supporting aerospace cluster and companies in Mie.

Japan

MITA KOSAKU CO., LTD.

We propose new packaging designs that are environmentally
friendly and conscious of pre- and post-process improvements
in the aerospace industry.

Japan

MITAKASEIHAN CO., LTD.

We specialize in the combined process of anodizing and etching.
We meet customers' requirements, provide durable products.
We create metal plates with a beautiful appearance that shines
with your company's name.

Japan

MITSUBISHI CORPORATION TECHNOS

Manufacturing of high value-added parts (difficult-to-machine
materials and metal molding), and design and manufacturing of
jigs.

Japan

MITSUBISHI HC CAPITAL INC.

We provide operating leases and finance leases for the
procurement of aircraft and aircraft engines. We also provide
PDP finance (Pre-Deposit Financing for Aircraft Production)

Japan

MITSUBISHI HEAVY INDUSTRIES AERO ENGINES, LTD

Aero Engine Maintenance·Gas Turbine Package
Maintenance·Sales of Genuine Parts and Tools·Various Technical
Services·Support for New Engine Parts Manufacturing

Engineering, manufacture and sale of ships, environmental improvement equipment, industrial machinery, aircraft, space systems, air-conditioner, etc.

Japan

MITSUBISHI HEAVY INDUSTRIES, SPACE SYSTEMS DIVISION

Mitsubishi Heavy Industries Space Division seeks partners to expand the space industry. Join us in shaping the future of space through innovation in rockets, transport, satellites, and lunar development! No experience is needed.

Japan

MIZUNO METAL WORKS CO. LTD.

Aerospace parts manufacturing Aircraft assembly & overhaul
Tool design & manufacturing Hydraulic parts manufacturing

Japan

MOOG INC. JAPAN

Moog Inc., a worldwide designer, manufacturer and systems integrator of high-performance precision motion and fluid controls and control systems.

Japan

NABTESCO CORPORATION

Manufacturing of high-accuracy components for turbines, airplanes, train, automobiles, trucks, robots etc

Japan

NAGANO PREFECTURAL GOVERNMENT

We have succeeded in constructing a consistent system from human resources development to R&D and demonstration test, and are promoting relocation of related companies and accumulation of companies involving in the aircraft industry.

Japan

NAGOYA CHAMBER OF COMMERCE & INDUSTRY

We are committed to promoting the area's economic growth by boosting the commerce and industry in Aichi-Nagoya region.

Japan

NAGOYA QUALITY ASSURANCE TECHNOLOGY CO., LTD.

Our company is established in 1988 and own JIS Q 9100 and Nadcap accreditations and provide consulting, seminars, and auditing services related to acquisition, compliance, maintenance, and problem solving etc. for JIS Q 9100, Nadcap, AS13100

Japan

NAKANIHON AIR SERVICE CO. LTD

As a full-service aircraft and helicopter airline, NAKANIHON AIR is able to provide the best possible service to meet the needs of its customers.

Japan

NCM SPA

Design, manufacturing, assembly and testing of high technology mechanical components in Aerospace (engine and structural parts) and Gas Turbines (hot section parts) businesses

Italy

NEODE SYSTEMS

Leveraging AI and new technologies to ensure the operational superiority of armed forces, anticipate disruptions and offer unprecedented responsiveness in the defense sector, in the service of the sovereignty of nations

Japan

NEW INDUSTRY RESEARCH ORGANIZATION

SME support

Japan

NIKKAN KOGYO SHIMBUN

Nikkan Kogyo Shimbun is a media company specializing in manufacturing, technology, and economics. It delivers the latest news via newspapers and web platforms and organizes exhibitions and seminars.

Japan

NSR JAPAN CO., LTD.

NSR provides the following services globally: Material Sourcing, Sales&Marketing, Employer of Record (EOR), Special Projects Support and Subcontracting, Technical Translation, BPO and Global Talent Acquisition/Dispatch (by NSR Group company).

Japan

NTECH INC.

nTECH Inc. sales the cutting tool for heat resistant material and staffing service for technical engineer.

Japan

OHORI GRINDING COMPANY

Grinding. Actuators / hydraulic parts, MRO (after thermal spraying / grinding after hard chrome plating), jig borers, etc.

Japan

OMATA SHUTTER INDUSTRIAL CO., LTD

a leading provider of roller shutters with history of longer than 70 years. We have recently beenAppointed as sole distributor of Megadoor, a vertical lifting fabric door that isa global bkandwith a plenty of installation records worldwide.

Japan

ONAGA COMPANY LIMITED.

One of the global leaders in the used heavy machinery industry

Japan

OSAKA STAINLESS CO., LTD.

Stockist and distributor of special stainless steel and nickel alloys

Japan

PACE ASIA AEROSPACE & IT

PACE Aerospace & IT has built a reputation for developing trailblazing software products, which took us from university spin-off to international market player and partner of choice for leading aerospace and aviation companies

Singapore

PD AEROSPACE, LTD.

Spacecraft Development Space Travel and Incidental Business
Space Transportation

Japan

PIEMONTE - ITALY

Promotion of Piemonte Region Aerospace Companies
(Delegation of companies)

Italy

PRATT & WHITNEY JAPAN

Aerospace jet engine manufacturing

Japan

QUALITEM INC.

We support quality assurance, QMS establishment and operation, and problem solving. We have a number of experienced experts who can help you solve any manufacturing and quality related issues.

Japan

RYOYU GIKEN CO., LTD

SYSTRAN Translate Suite is a secure, end-to-end software solution that enhances multilingual collaboration. It reduces costs by translating various document types using aerospace domain profiles and linguistic resource management.

Japan

SATO SEIKI CO.LTD.

Industrial equipment in general, production and assembly of parts, and cutting with machine tools.

Japan

SHINMAYWA INDUSTRIES, LTD

Development and production of the Amphibians Maintenance of the Amphibians Development and Production of Commercial Aircraft Components

SHIZUOKA PREFECTURAL GOVERNMENT

Promotion of the aerospace industry in Shizuoka Prefecture and support for market development of companies involved in the aerospace industry

Japan

SINFONIA TECHNOLOGY CO., LTD.

SINFONIA TECHNOLOGY develops and manufactures products for special environments and applications, such as aerospace applications.

Japan

SKY LINK TECHNOLOGIES CO., LTD.

We are developing high-speed, long-range VTOL(Advanced Air Mobility) Our aircraft can fly 1,400 km at 650 km/h, and combined with VTOL will change the way the world travels.

Japan

SOJITZ AEROSPACE CORPORATION

Provides cutting-edge technologies to domestic and overseas aircraft manufacturers, airlines, and Japan's Self-Defense Force

Japan

SPACE PORT JAPAN

Asia's first spaceport in Japan with the aim of making Japan an Asian hub for the space travel business.

Japan

SUBARU CORPORATION

The manufacture, repair, and sales of airplanes aerospace-related machinery and their components.

Japan

SUMINO SEISAKUSHO LTD

We offer difficult-to-machine materials (titanium, Inconel, etc.) with complex and special geometries that require multiple processes, using five-axis multitasking machines.

Japan

SUN JUSHI. CO., LTD.

Plastic machining specialist with JISQ9100, precise temperature control, and experience in aerospace components.

Japan

TAKAGI INDUSTRY CO. LTD.

We provide know-how and technology for sheet metal parts for aerospace and defense equipment for more than 75 years our founding. We operate a JIS-Q-9100 and SJAC9068B to provide safe and secure products in a timely manner.

Japan

TAKAGI STEEL CO., LTD.

In the business area, we have partnership with over 200 companies in over 70 years for sales of materials mainly for special steels and tool steels. We have advantage that be able to do parts completion to one-stop by collaboration with partners.

Japan

TECHLAB CO., LTD.

Tech-Lab Co., Ltd. is a professional team for prototyping and manufacturing of carbon/CFRP and automotive products.

Japan

TEMA ENERGY SRL

Production of components and assemblies in metal alloys for gas turbines for energy, aeronautical, defense and space sectors with specific skills in machining, welding, laser drilling, flow testing and non-destructive tests.

Italy

TERRA LABORATORY CO. LTD.

Terra Labo is a research and development venture company that designs and develops long-range unmanned aerial vehicles and builds disaster response information support systems.

Manufacturing of machined parts (Aluminum, Titanium, Stainless Steel, Inconel, CFRP) and sub-assemblies Design and manufacturing of jigs and fixtures Manufacturing of technical verification models and mock-up

Japan

TOSEI ELECTROBEAM CO., LTD.

We are the distributor in Japan for Carl Zeiss GOM of Germany. The ATOS series of non-contact CMMs are widely used as the most reliable measurement systems in the global aircraft manufacturing industry. I am looking forward to meeting you.

Japan

TOYOTA MOTOR CORPORATION

Manufacturing vehicles

Japan

TOYOTA TSUSHO CORPORATION

Trading and investment

Japan

UCHIDA CO., LTD

In the field of composites (mainly CFRP), UCHIDA will further expand into these fields by leveraging its expertise in R&D and high-mix low-volume production in the motorcycle, automobile, aerospace, and defense fields.

Japan

WAD - WORLD AEROSPACE DEVELOPMENT

Industrial and Business Development consultancy - representative of foreign Aerospace companies in Europe

France

WADA AIRCRAFT TECHNOLOGY CO., LTD.

Wada Aircraft Technology Co., Ltd. specializes in the design and manufacturing of jigs and tools for aerospace and aviation equipment, as well as prototype processing and small-lot component machining.

Japan

WAKO CO., LTD

We specialise in manufacturing and repairing custom jigs for work platforms and transport carts. Also skilled in sheet metal processing and rubber product fabrication receiving high acclaim, particularly in the aircraft parts manufacturing sector.

Japan

WATANABE SEIMITSU INDUSTRIES, LTD.

Precision manufacturing with advanced tooling, skilled craftsmanship, and expertise in complex aerospace components.

Japan

WINGWIN OKAYAMA

Aircraft parts joint ordering group

Japan

WORLD CO. LTD.

Design, production and sales of plastic injection moulds, Plastic moulding process and inspection data preparation, Design and production of die-casting moulds.

Japan

YAMADA POWER UNIT CO., LTD.

YPU is a start-up company established in 2024. We offer defense power units, power units for electric aircraft, prototype development, and contracted development with high performance from design including R&D to manufacturing.

Japan

YAMAMOTO ELECTRIC WORKS CO., LTD.

Design, manufacture and sale of measuring equipment, system control equipment, electrical and mechanical equipment.
